Subject: What You Did Today on DCI Annual Report

While you were off prepping for Europe, I did several things in your name on the Annual Report:

-- reviewed a [redacted] revision of my edit of the DCI's draft (Part I.) He has smoothed/improved it considerably. I called [redacted] and told him to substitute [redacted] version for mine in the DCI's reading pile with a note that we had reviewed it and were pleased. [redacted]

-- I also inserted a short para on FOIA relief request on p. 9, since the DCI and [redacted] wanted this in the AR and it seems the best place to stick it. Copy for you of re-edit is attached. [redacted]

-- Sent DCI and [redacted] a shortened version of Part II for their review. Your copy is attached. Am circulating this to RM for vetting plus sections to IC components particularly concerned (see note at front.) Walt and I agreed that a full NFIB principals' crack at the shorter Part II is unnecessary; they will phone me any substantive comments on the longer draft by Monday and I can incorporate such as are appropriate.

NOTE FOR THE DIRECTOR

SUBJECT: Shortened Part II of Your Annual Report

STAT  
Here is a compressed discussion of key issues of special concern (Part II) for your Annual Report for you and [redacted] to do any additional editing or cutting you wish. We are vetting the shortened issues treatment with appropriate Community experts.

STAT  
The two little sections on CIA covert action and IG activities which [redacted] recommended retaining and you approved don't really fit as either 1978 highlights (your draft Part I) or as issues of present special concern. We have thus put them at annex as two activities of concern in earlier years now operating routinely/effectively.

keep CA & IG as annex

drop entirely
